

DeskTop Partition

Keep wandering eyes in their place with the new DeskTop Partition. This simple, yet effective tool is the perfect solution for any type of test taking facility.

- Smooth design coordinates well with any décor.
- Plexiglass insert obscures any view of neighboring papers.
- Great in group settings or as a privacy screen for single users.
- Available in any of Datum's standard Melamine colors.
- Plexiglass is removable for times when testing is not taking place.
- Radius corners on the plexiglass insert create a sleek look and protect users from any sharp corners.
